

RISING Stars Geography Progression Framework

Geography	Rising Stars Ge	ography Progression	Framework	Numbering system: Subject.Key Stage.Strand
Strand	Progression statement	Key St. What to look for guidance (Working towards expectations)	age 1 What to look for guidance (Meeting expectations)	What to look for guidance (Exceeding exceptations)
Congrepted from stellar 2. The UK and focal area	G.1.1.1 Name, locale and shootly characteristics of the National Conference of the National Conference and Externanding uses.	5.3.3.5 a. Cut and exclusion in more authorize on a registro but modeline, and aspell of them the initial Cognitive (e.e. only, others also initial four flower in authorize of the ICI, South often and ACC sough Proper or Toron Billion Proof." one gifter though the control Coccasion Proper or Toron Billion Proof."	G.1.5.6.a. Can exame, Scalar and Smithy the extension of the face resembles and capital cities of the United States Control of the Control of	6.111a. Can some, basis and simily characteristics of the four countries and significations of the four countries and signification of the blood and significant and is surrough one and a supply of ranging by the surrough of ranging by the surrough of the significant countries are produced to the surrough of the surro
	G.1.1.2 Cherologis insulating of the human and solving groupship of a scala area of the Carloot Engelson.	2.1.1.1.5 from wheat the lead areas and name by jundaments, such a subsequent production of the state of the	G.1.1.6.b. Steen should the book array, and cause and make the production Contain a metalology for other forms and physical found on the book are stated described from features and features are may using our features and features are may using our features and features from our may using our features and features from our may using our features and features from our may using	6.11.1.5. Some the hard area and 8 physical and home geography. In medigine has either propie over the geography. In the highest hard the propie over the excellent plant of the hard the secondary of all the house and physical less than and physical behavior and the propies and the secondary of the decision and physical less, and dampt three, and secondary the secondary and the secondary of the
2. The world and continents Congressional Understanding	0.13.1. Name and hade the world various continents and the sames.	6.3.3.5 Can invegence and name stars continued and assumes a globe or effects of a continue and a stational other describing the location of the habitat of a significant amount,)	G.1.3.E. Can ware antificate the stress continents and the scarce and gifter at all ry by one more specific paint beauting of stress the stress that the business of the belief of a specificant example.	\$1.2.6. Some the relative business of the confidencies and the confidencies which is the confidencies are sufficient to the policy of the confidencies of the business of the business of the policy and reputation of the policy and reputation).
2. Physical themes	G.1.3.1 World by season of and dealy wrather pattern in the United Degiction and the Season of the United Degiction and the Season of the American Season of the Season of the United Season of the Season of the Season of the Part of the Season of the Season of the Season of the Season of the Season of the Seas	\$1.11.6 circle should be due to the problem and some of the footbase of the section of the section. The should be settlement of the section o	\$1.5.6.0 to bloody-processed and shiply-written pattients who the bashed diagrams. A pattient of the bashed diagrams. A pattient of the bashed diagram is a pattient to be read once and written the read with the pattient of quality in gargers were presentated and the wareful set upon a progress were presentated and the wareful set upon a settled and a settled as settle	6.3.3.4. Cast lake confidently closed how overant shange from pulsed the prior and chearle retails wouldness associated with Theorem associated with Theorem associated with the constant of the confidence of the
	G.1.3.2 Der hans gengssphilad meschelory in- order inderpreparationalmen, mediumg insent- oid, med., beruf., bill, meschelor, ora, mana, dar, ord., single angularity, oran and medium, oran and medium, oran and medium.	0.1.11.0. Cen task shade a water of ever-annexes, scaning (in business using cover bey outsided piping make a piloro in a bian that obtains the builded of an annexe).	G.1.1.6.h. Car recognite a rate and monitorment and movimes to ving lay monitoring to gain and a place in the first index to the state of the state	G.1.3.3. Can exaggine different solutal environments, and devotes from only a range offery missisting in g. and devotes from the control of t
4. Human themes	0.1.4.1 De han gregophial mushalory (or refit lake planes briane, including oils, lave, silogy, failing, lave, basse, affice, part, before all Cope.	B 2.6.2 Cast likkshol a homan moleument, sah as (be hala law or OCR dig, same) user benders voig use to be only on skilarly (b); has a section of unit distribution collection and the same action of unit distribution allowed by the same and a style on longer as a solidor collection. So the same and a style on longer as a solidor collect a granup sph these and.	G.1.6.1. On streetly a range of human monomerate, such as the backaras and unreliability gettlements, and assume the sound and a street of the sale of	G.1.6.4 Can already different have an environment, and with back alone and enrichming entirements can have stiggs and a right. On the control of the control of the Can describe their health-and some a facility field with a region of the control of the control of the control of the described by the control of the control of the control of a variety of the control of the control of the control of the control of the control of the control of the control of the control of the control of the control of the control of prefer to the control of the control of the control of prefer to the control of the control of the control of prefer to the control of the control of the control of prefer to the control of the control of the control of th
S. Understanding places and connections	G.1.S.1. Understand gragosphilal similarities and differences bit regularizing (the human and spiritud gragosphin) of a wealtams of the United Singular.	\$3.5.5.6 can make alternations above, and aboveder, the hand are markles around hardgeen queen by a solar birth is payed as solar different to the property of the property of the solar different content of the birth and around solar different content of the birth, and and and solar different content of the birth, and and and solar different contents to the birth of the property of the solar different contents to the solar different contents of the solar different contents of the solar different contents of the solar different contents of the solar different contents of the sola	G.1.6.a. Can make adversarians, about, and describe, the local area and its physical and homes prography by a make the five agent. "Wirth Editionation beams and extract the five agent." Wirth Editionation beams are extract, why there had a now in amorbida, using different adversaria, they then had a now in amorbida, using different advers its identify its dippoint and framewhiles are restall,	6.3.3.% a Can make observations allow, and describe, the backers and 6 subjects and 6 sures garagestips, and suggest have they are associated by an outside the bits again at \$4.000 feet the bits again at \$4.000 feet the bits again at \$4.000 feet the bits allowed and \$4.000 feet the bits allowed as a single or map of the feet and \$4.000 feet the bits all \$4.000 feet the bits allowed as \$4.000 feet the bits allowed as \$4.000 feet the bits allowed as \$4.000 feet the bits all \$4.000 feet the bits allowed as \$4.000 feet the bits allowed as \$4.000 feet the bits all \$4.000 feet the bits allowed as \$4.0
	G.1.5.2 Understand gragosphilal similarities and differentiable heapful-adapting (the human and applied gragosphilal as workers and a continuity over the experimentally).	\$13.1.0. Car describe an eigen of the physical and homeogeneously of abbeil place. Southern assessment of the balloty and described power to an eigen it is obtained assessment of the balloty and described power to an eigen it is obtained assessment to read a place they have called be supported in a rate pulse and place why they with to odd this place.	G.1.5.4.h. Can describe the physical and human groupings of a distert gimes. The statement of the statement	\$2.3.3.k Can confidently drove the the physical and human grappophysic a distinct plane. Generalized by the confidency drove the best head of an electrical parties at the Can confidency drove the best head of a confidency drove and the confidency drove and conf
Congression Skills and Enquiry 6. Map and atlas work	G.I.E.1. Use world maps, allows and globes to simplify the United Engalem and its countries, as well on the countries, continents and answer, standard 80th by single.	0.3.1.1.4. Can use a world may, aftine or glade to recognize and assessment contraction and uses. General Collection of the Contraction of the Con	G.1.6.6.a. Can vote a worldrong, either or gitter in scane Gar van a KM mellenger at diesels bedate melleterskrijver faar van at KM mellenger at diesel far bedate Organise faar van either van de spiel of diesel of the Duide Organise de in summelsteg was ja Saute film enterens when see gas at the diese on a state far ong either world seeg as at the diese on a state far ong either world.	\$1.5.1.a. Can one a world map, allow or globe below the securities, and assess relative to the equation and the securities, and design a security of the equation and the securities and securities to be securities and
	6.1.6.2 We simply compaction time just to work, seek and word; in the instead and environmental regular just week to the con- minimization page just war for the just and right), to describe the function of freshrest and enders as a rings.	0.3.6.3.5. Can locate places are a report the food over using transferred and distributed language (e.g., after a reach); a results a resulty gaves quare, about the first results (e.g., and a reach); are required to the control of	In 1.6.4.b. Can describe a journey or an angue of the load and a single company and include a few and for load and a single company and include a few and for load and a single could be reader that the single could reap as usual, describe the reader that the single could reap and proper participations and hardward anapage participation of the p	G.1.6.3.3. Can describe a journey on a way of the local was facility features and translated, were as the journey can be studied, before an experience of the property of the control translated and translated and transport of the control translated or the graph prompting day your property of the proper
7. Fieldwork and lovestigation	G.1.1.1. Use antid planing raths and plan to provide the control of the control of the transport of the control of the control of the control of the control of the control of the and one and control of these spreads in a lay	\$3.3.5.4. Core are set of points in brained by Basiness of a buildy. Condition a simple respired, control models of the development process income and, and other the tendent facts of the point come on the periods.	\$1.7.6.a. Can war aren's glories in identify physical and Can disease variety and the basis to professional and Can disea a simple may with a basis to professional includes in the control of the contro	ILITAL Consume sential photos to absorbly a range of physical and homes businessed as basely continued of a basely of the sentinued of a basely of the sentinued of the sentinue
